PROFESSIONAL SUMMARY

Senior Full Stack Web Application Developer with 8 years of experience building production web applications for education, eCommerce, and SaaS. Currently at Paperly (Perth, Australia, remote), developing Laravel and Vue.js school administration software used by thousands of teachers and parents. Experienced in REST APIs, MySQL, payment integrations (Stripe, PayPal, BPOINT), geolocation, workflow automation, and third-party integrations. Background includes large-scale client delivery at Logistic Infotech, Agile teams, code reviews, and mentoring.

Core skills: Laravel, Vue.js, React.js, PHP, JavaScript, MySQL, REST API, Redis, AWS, Stripe, PayPal, BPOINT, Git, Full Stack Development, Web Application Development.

WORK EXPERIENCE

Senior Web Application Developer

Jul 2022 – Present

Paperly · Perth, Australia (Remote)

- Develop and maintain school admin modules used daily by thousands of teachers and parents across Australia.
- Built excursion management, sports coordination, music lessons, parent-teacher interviews, and assessment calendars.
- Developed dynamic form builders, workflow automation, and multi-school integration layers.
- Implemented geolocation for excursion tracking and student permission management.
- Designed REST APIs and MySQL schemas; integrated third-party services in Agile production releases.

Technologies used: Laravel, Vue.js, MySQL, REST API, JavaScript, Geolocation
